U.S. DEPARTMENT of STATE

Joint Statement on Establishment of the Minerals Security Partnership Finance Network

Media Note | Office of the Spokesperson | September 23, 2024

The text of the following statement was released by the Governments of the United States of America and Australia, Canada, Estonia, Finland, France, Germany, India, Italy, Japan, the Republic of Korea, Norway, Sweden, the United Kingdom, and the European Union (represented by the European Commission) on the margins of the United Nations General Assembly in New York, New York.

In light of our recent achievement in raising \$18 million for Irvine's Group's Group, a leading poultry producer in Africa, we wanted to shed light on Africa's position compared to other regions.

The accompanying infographic focuses on chicken consumption, but it's important to note that sub-Saharan Africa lags behind other regions in protein consumption across the board.

US set to extend African railway project through Tanzania

NAIROBI, KENYA — The U.S. government says it is set to expand the Lobito Corridor - a railway project that runs from Angola to Zambia through the Democratic Republic of the Congo - all the way to the Indian Ocean through Tanzania. The railway would connect African countries to global markets and enhance regional trade and economic growth, supporters say.

Speaking to reporters online Wednesday, Helaina Matza, the U.S. acting

Unlocking Investment Potential: American

Tanzania Investment Centre (TIC) Informative Session: Unlocking Investment Potential: American

Investment Potential: American Perspective, took place on June 12th and was led by Director General Gilead Teri. Investment trends in Tanzania were discussed, with key points including the registration of 526 projects in 2023, targeting 1,000 by year-end, and an expected attraction of \$8.5 billion in investments. Sectors such as manufacturing, transportation, and agriculture garnered significant investor interest, and new TIC offices focused on green transition and startups were established. A key takeaway from this event was the growing interest from American investors in equity and joint ventures within established Tanzanian

U.S. Independence: Family Day Out

U.S. Independence: Family Day Out, was held on June 29th and was a joyful and lively occasion filled with BBQs, live band performances, and DJ entertainment. Key speakers included Ambassador Michael Battle, who shared recorded remarks. Ambassador John Ulanga, who emphasized the enduring partnership between the U.S. and Tanzania, and Ambassador Liberata Mulamula, who shared engaging anecdotes about American culture. A key takeaway from this event was the emphasis on the spirit of freedom and unity, which strengthened community bonds and international ties.

Transforming Business with AI event showcased how artificial intelligence is revolutionizing industries across Africa

On July 12th, the Transforming Business with AI event showcased how artificial intelligence is revolutionizing industries across Africa. The event featured speakers like Desmond Mushi from Meta, who emphasized the importance of data collection for businesses to stay competitive. Dr. Nkundwe Mwasaga Director General of the ICTC (Information and Communication Technology Commission) highlighted AI's transformative potential in sectors like healthcare and education, stressing the need for strong digital infrastructure and local talent. Essa Mohamedali, AI Consultant at Tanzania AI Community, shared examples of AI solutions in Tanzania and called for collaboration between businesses, government, and tech enthusiasts to drive AI adoption.

The Unlocking Investment Potential in Tanzania through Private Equity and Venture Capital

The Unlocking Investment Potential in Tanzania through Private Equity and Venture Capital event was held on August 29th and centered on Venture Capital (VC), Private Equity (PE), and the critical role of Due Diligence in business transactions. Johnson John from PwC Tanzania emphasized the importance of thorough financial, legal, and tax reviews in mergers and acquisitions to mitigate risks and ensure accurate valuations.

Jumanne Mtambalike, founder of Sahara Ventures, discussed how VC supports startups and, furthermore, called for regulators to act as facilitators, encouraging innovation through regulatory sandboxes. Burak Büyüksarıca, founder of AFRICAPITAL, explained how VCs evaluate businesses based on team, product, and intellectual property to help them scale. Additionally, Iain Usiri from Ramani shared how his company offers 30-day credit to distributors and uses a U.S. holding company structure to secure investor confidence. The event, highlighted the need for regulatory flexibility and innovation to drive digital growth in Tanzania.

Unlocking PPP Potential: Empowering Diaspora and U.S. Businesses for Growth

On September 5th, AMCHAM hosted Unlocking PPP Potential: Empowering Diaspora and U.S. Businesses for Growth. The event focused on the 2023 Public-Private Partnership (PPP) Act amendments, highlighting new collaboration opportunities. Bowman, a legal partner, addressed the evolving PPP landscape and how businesses can navigate the complex legal frameworks in Tanzania.

The Executive Director of the PPP Center, David Kafullia, highlighted three key updates to the PPP Act. First, special arrangements now allow projects outside the traditional framework to proceed if they meet national interests and receive government approval. Second, direct negotiations between the government and private entities can now be conducted for urgent projects. Finally, international arbitration is permitted for resolving disputes between the government and private investors. Participants engaged across these three events, contributing to critical conversations shaping Tanzania's

U.S. Government delegation from the Department of Energy

The American Chamber of Commerce in Tanzania (AmChamTZ) hosted a roundtable meeting with a U.S. Government delegation from the Department of Energy, led by Deputy Assistant Secretary Joshua Volz, alongside key representatives Erickson, Gina (Senior Advisor for Africa and the Middle East), Eric Haxthausen, and Michael Mugo from the U.S. Trade and Development Agency (USTDA). The event captured discussions on trade and investment opportunities in the energy and critical minerals sector, the strengthening of economic ties between the U.S. and Tanzania, and AmChamTZ's role as a trusted partner in fostering collaboration and dialogue on energy issues.

Foster Economic growth through increased Foreign Direct Investment (FDI).

A new venture is on the horizon. Amcham member, AFRICAPITAL Investment Holdings Limited, a Private Equity (PE) and a Venture Capital (VC) firm, the first of its kind in the country, has signed a Memorandum of Understanding (MOU) with the Tanzania Investment Centre TIC.

This strategic partnership aims to foster economic growth through increased Foreign Direct Investment (FDI). This initiative underscores a commitment to leveraging VC and PE expertise and resources to attract global capital and stimulate innovation-driven entrepreneurship in Tanzania.

Empowering Tanzanian Industry: Levi's Production and USAID ATI's Impact

Did you know!!! Levi's Signature is stitched in Tanzania with TOOKU Garment Co Ltd trading under U.S. Africa Growth Opportunity Act (AGOA).

Tooku is a private sector apparel company specialising in manufacturing of garments, jeans and knitwear for U.S brands. The annual production capacity stands at 8million jeans.

Tooku is one of the recipient of USAID Africa Trade and investment (ATI) grant. Under this grant they will recruit and train 600 new workers by February 2025 and increase export by 20percent (\$7.7m) in the next 19months.

Amcham Tanzania was privileged to attend the USAID Africa Trade and Investment Activity Partners Showcase Event. Which featured on going initiatives by ATI program.
